Breast Cancer will develop  
in 1 out of 8 women

But with early detection  
through mammography  
cure rates approach 100%

The Breast Care Center's mobile mammography unit, the *Mammo Van*, is making it more convenient for women to have these important examinations performed.

Inside the van you will be at ease — there are private changing rooms in appealing feminine decor; gentle, caring female technologists perform the safe, painless low-dose mammograms on the newest state of the art equipment.

A doctor's prescription is required by most insurance providers. We offer **competitive rates and participate with most insurance plans, including Medicare.\*** If necessary, previous mammograms (if any) will be obtained for comparison. Our radiologists will send a complete report to your doctor and you will receive a follow-up letter.

**Please bring your doctor's full name, address, phone number, your health insurance cards and a prescription for the exam.**

The *Mammo Van* will be at:  
**Job & Family Services  
Parking Lot**

**Monday  
November 8, 2010  
&  
Tuesday  
November 9, 2010**

**9 am to 3 pm**

United Healthcare, our insurance plan, covers an annual screening at 100%-No Co-pay required.

**To schedule your  
appointment, please
